#### Microverse

Software Developer - Bootcamp | Jul 2019 - Present

##### Daily schedule

- 8 hours building collaborative and solo projects
- 15 minutes standup meetings

##### Pair Programming

- Created 40+ projects.

##### Mentoring

- Mentored two students - weekly calls.

### PROJECTS

#### Bookstore - React & Redux

[Demo](#) [Source](#)

Built the front-end of an application where a user can manage the bookstore by adding, removing books and filtering by categories using redux to control the state.

#### Social Media - Ruby on Rails

[Demo](#) [Source](#)

Facebook based social networking application with full CRUD functionality. Built models, views and controllers for users, posts, comments, likes, and friendships. Unit and integration tests using RSpec.

#### UI Responsive Clones

Built websites using HTML & CSS

#### News Week

[Demo](#) [Source](#)

#### The Next Web

[Demo](#) [Source](#)

#### Clipboard Landing Page
